Failure to meet the Installation Date(s) may subject Vendor to termination of an Order or of this Contract and damages available under law, unless such failure is caused by acts or omissions of Purchaser.

22. Standard of Performance and Acceptance

- 22.1. In addition to the Acceptance Testing set forth in this section, Purchaser may conduct terminal testing and other tests of the installed System. Vendor will provide testing equipment required for demonstration of the System's performance.
- 22.2. After installing the Systems, Vendor shall provide Purchaser with documentation of a successful system audit using Vendor's diagnostic routines, as approved by Purchaser, demonstrating that the System meets or exceeds the Specifications. Vendor shall certify to Purchaser in writing that the System is ready for Acceptance Testing. The Acceptance Testing will begin on the day the System is cutover.
- 22.3. Acceptance of a System will be based on the following criteria.
- a) Meeting or exceed the Standard of Performance defined below;
 - b) All installation, wiring, and cabling requirements identified in Section 15 above have been satisfied;
 - c) Delivery to Purchaser of complete and updated as-built drawings indicating conformance with specifications;
 - d) Conformance of installation and programming requirements as specified by the Purchaser; and
 - e) Completion of all required training of Purchaser staff (see section 33 below).
- 22.4. The Standard of Performance for a System is defined as a 99.5% Effectiveness Level during the Acceptance Testing period set forth below. The voice terminals shall have a 98% trouble-free performance during this period.
- 22.5. The Effectiveness Level for a System is the percentage of time in a month that the System is functioning properly in accordance with its Specifications. The Effectiveness Level is determined by dividing the Operational Use Time of the Product by the sum of the Operational Use Time plus the Product Failure downtime, all of which shall be measured in hours and whole minutes. Operational Use Time for a Product is defined as the total time the Product would normally be used. Product Failure downtime is defined as the accumulated time during Operational Use time when work cannot be processed or accurately completed because of a System Failure. System Failure is defined as a malfunction in the Equipment or Software that prevents the accomplishment of the intended function(s) of the System.
- 22.6. Downtime for each incident shall start from the time that Vendor knew or reasonably should have known of the System Failure, or Purchaser makes a bona fide attempt to contact Vendor's designated representative at the prearranged contact point, whichever occurs earlier, until the System is returned to fully operational status in conformance with its Specifications. During periods of System Failure downtime, Purchaser may use operable portions of the System when such action does not interfere with repair of the inoperable portions.
- 22.7. The Acceptance Testing period shall be thirty (30) calendar days, starting from the day of cutover. Purchaser will review all pertinent data and shall maintain appropriate daily records to ascertain whether the Standard of Performance has been met.
- 22.8. In the event the System does not meet the Standard of Performance during the initial period of Acceptance Testing, Purchaser may, at its discretion, continue Acceptance Testing on a day-to-day basis until the Standard of Performance is met. If after sixty (60) calendar days the

System still has not met the Standard of Performance Purchaser may, at its option: (1) declare Vendor to be in breach of this Contract and terminate this Order; or, (2) demand replacement System from Vendor at no additional cost to Purchaser; or, (3) continue the Acceptance Testing for an additional thirty (30) calendar days. Vendor shall pay all costs related to the preparation and shipping for Systems returned pursuant to this section. Purchaser's option to declare Vendor in breach and terminate this Order shall remain in effect until exercised or until such time as Acceptance Testing is successfully completed.

- 22.9. No System shall be accepted and no charges shall be paid until this Standard of Performance is met. The date of Acceptance shall be the first Purchaser Business Day following the successful Acceptance Testing period and shall be formalized in a notice of Acceptance from Purchaser to Vendor.

Vendor's escalation procedures are attached as Schedule B.
- 23.6. Non-emergency maintenance/repair response time during warranty will be within eight (8) Business Hours after notification and will be performed during Business Hours. When on-site, Vendor must report to Purchaser's designated coordinator prior to and after each service call.
- 23.7. Emergency on-site maintenance/repair response time during warranty will be within two (2) hours, twenty-four (24) hours per day, seven (7) days per week, including holidays. - 24.9. Preventive Maintenance. Vendor shall specify in writing the number of hours each Equipment item requires per month for preventive maintenance and the frequency and duration of such preventive maintenance. From this Vendor-supplied information Purchaser shall develop and provide to Vendor in writing the schedule within which Vendor shall provide preventive maintenance. This schedule may be modified as agreed in writing. In addition, preventive maintenance may be performed at a time convenient to Purchaser within or contiguous with remedial maintenance.
- 24.10. Emergency maintenance. Emergency maintenance/repair response time on-site during warranty will be within two (2) hours, twenty-four (24) hours per day, seven (7) days per week, including holidays. Time to correct an emergency situation shall not exceed eight (8) hours after notification. Emergency maintenance applies to the following conditions:

- Vendor shall grant a credit to Purchaser for any Equipment being maintained by Vendor that fails to perform at an Effectiveness Level of 99.5% trouble-free during any month. The Effectiveness Level for an item of Equipment shall be defined and computed in the same manner as provided for in the **Standard of Performance and Acceptance** section of this Contract. (see section 22 above).
- The credit granted by Vendor shall be fifty percent (50%) of the monthly maintenance fee for each percentage point a machine falls below its required effectiveness level. For example if the credit is 50% and the actual effectiveness level for a machine is 88% instead of the required

90%, the maintenance credit would be 100% of the monthly maintenance fee for that month, i.e., 2 percentage points below the requirement so $2 \times 50\% = 100\%$ credit.

If the Equipment fails to operate at an Effectiveness Level of 99.5% for two (2) consecutive months, it shall be considered a Failure to Perform.

25. Failure to Respond

In cases where Vendor does not respond within the required time, Purchaser shall have the option of acquiring repair from another Manufacturer certified source and Vendor shall be responsible for full reimbursement of costs incurred by Purchaser. Records involving matters in litigation related to this Contract shall be kept for either one (1) year following the termination of litigation, including all appeals, or six (6) years from the date of expiration or termination of this Contract, whichever is later.

- 51.2. All such records shall be subject at reasonable times and upon prior notice to examination, inspection, copying, or audit by personnel so authorized by the DIS Contract Administrator and/or the Office of the State Auditor and federal officials so authorized by law, rule, regulation or contract, when applicable, at no additional cost to the State. During this Contract's term, Vendor shall provide access to these items within Thurston County or the county where Purchaser is located. Vendor shall be responsible for any audit exceptions or disallowed costs incurred by Vendor or any of its Subcontractors.
- 51.3. Vendor shall incorporate in its subcontracts this section's records retention and review requirements.
- 51.4. It is agreed that books, records, documents, and other evidence of accounting procedures and practices related to Vendor's cost structure, including overhead, general and administrative expenses, and profit factors shall be excluded from Purchaser's review unless the cost or any other material issue under this Contract is calculated or derived from these factors.

General Provisions

52. Patent and Copyright Indemnification

- 52.1. Vendor, at its expense, shall defend, indemnify, and save DIS and Purchaser harmless from and against any claims against DIS or Purchaser that any Product supplied hereunder, or Purchaser's use of the Product within the terms of this Contract, infringes any patent, copyright, trade secret, trademark, or other similar proprietary right of a third party worldwide. Vendor shall pay all costs of such defense and settlement and any penalties, costs, damages and attorneys' fees awarded by a court or incurred by DIS or Purchaser provided that DIS or Purchaser:
- Promptly notifies Vendor in writing of the claim, but DIS' or Purchaser's failure to provide timely notice shall only relieve Vendor from its indemnification obligations if and to the extent such late notice prejudiced the defense or resulted in increased expense or loss to Vendor; and
- Cooperates with and agrees to use its best efforts to encourage the Office of the Attorney General of Washington to grant Vendor sole control of the defense and all related settlement negotiations.
- 52.2. If such claim has occurred, or in Vendor's opinion is likely to occur, DIS and Purchaser agree to permit Vendor, at its option and expense, either to procure the right to continue using the Product or to replace or modify the same so that they become noninfringing and functionally equivalent. If use of the Product is enjoined by a court and Vendor determines that none of these alternatives is reasonably available, Vendor, at its risk and expense, will take back the Product and provide Purchaser a refund. In the case of Product, Vendor shall refund to Purchaser its depreciated value. No termination charges will be payable on such returned Product, and the Purchaser will pay only those charges that were payable prior to the date of such return. Depreciated value shall be calculated on the basis of a useful life of five (5) years commencing on the date of purchase and shall be an equal amount per year over said useful life. The depreciation for fractional parts of a year shall be prorated on the basis of three hundred sixty-five (365) days per year. In the event the Product has been installed less than one (1) year, all costs associated with the initial installation paid by Purchaser shall be refunded by Vendor.
- 52.3. Vendor has no liability for any claim of infringement arising solely from:
- a) Vendor's compliance with any designs, specifications or instructions of Purchaser;

- b) Modification of the Product by Purchaser or a third party without the prior knowledge and approval of Vendor;
- c) Use of the Product in a way not specified by Vendor; or,
- d) Use of the Product with equipment not supplied by Vendor without the prior knowledge and approval of Vendor;

unless the claim arose against Vendor's Product independently of any of these specified actions.

53. Save Harmless

Vendor shall defend, indemnify, and save DIS and Purchaser harmless from and against any claims, including reasonable attorneys' fees resulting from such claims, by third parties for any or all injuries to persons or damage to property of such third parties arising from intentional, willful or negligent acts or omissions of Vendor, its officers, employees, or agents, or Subcontractors, their officers, employees, or agents. Vendor's obligation to defend, indemnify, and save DIS and Purchaser harmless shall be eliminated or reduced by any concurrent DIS or Purchaser negligence.

54. Insurance

- 54.1. Vendor shall, during the term of this Contract, maintain in full force and effect, the insurance described in this section. Vendor shall acquire such insurance from an insurance carrier or carriers licensed to conduct business in the state of Washington and having a rating of A-, Class VII or better, in the most recently published edition of *Best's Reports*. In the event of cancellation, non-renewal, revocation or other termination of any insurance coverage required by this Contract, Vendor shall provide written notice of such to DIS within one (1) Business Day of Vendor's receipt of such notice. Failure to buy and maintain the required insurance may, at DIS' sole option, result in this Contract's termination.
- 54.2. The minimum acceptable limits shall be as indicated below, with no for each of the following categories:
 - a) Commercial General Liability covering the risks of bodily injury (including death), property damage and personal injury, including coverage for contractual liability, with a limit of not less than \$1 million per occurrence/\$2 million general aggregate;
 - b) Business Automobile Liability (owned, hired, or non-owned) covering the risks of bodily injury (including death) and property damage, including coverage for contractual liability, with a limit of not less than \$1 million per accident;
 - c) Employers Liability insurance covering the risks of Vendor's employees' bodily injury by accident or disease with limits of not less than \$1 million per accident for bodily injury by accident and \$1 million per employee for bodily injury by disease;
 - d) Umbrella policy providing excess limits over the primary policies in an amount not less than \$3 million;
- 54.3. Vendor shall pay premiums on all insurance policies. Such insurance policies shall name DIS as an additional insured on all general liability, automobile liability, and umbrella policies. Such policies shall also reference this Contract number T03-MST-010 and shall have a condition that they not be revoked by the insurer until forty-five (45) calendar days after notice of intended revocation thereof shall have been given to DIS by the insurer.

- 54.4. All insurance provided by Vendor shall be primary as to any other insurance or self-insurance programs afforded to or maintained by the State and shall include a severability of interests (cross-liability) provision.
- 54.5. Vendor shall include all Subcontractors as insured under all required insurance policies, or shall furnish separate certificates of insurance and endorsements for each Subcontractor. Subcontractor(s) shall comply fully with all insurance requirements stated herein. Failure of Subcontractor(s) to comply with insurance requirements does not limit Vendor's liability or responsibility.
- 54.6. Vendor shall furnish to DIS copies of certificates of all required insurance within thirty (30) calendar days of this Contract's Effective Date and copies of renewal certificates of all required insurance within thirty (30) days after the renewal date. These certificates of insurance must expressly indicate compliance with each and every insurance requirement specified in this section. Failure to provide evidence of coverage may, at DIS sole option, result in this Contract's termination.
- 54.7. By requiring insurance herein, DIS does not represent that coverage and limits will be adequate to protect Vendor. Such coverage and limits shall not limit Vendor's liability under the indemnities and reimbursements granted to DIS in this Contract.

55. Industrial Insurance Coverage

Prior to performing work under this Contract, Vendor shall provide or purchase industrial insurance coverage for its employees, as may be required of an "employer" as defined in Title 51 RCW, and shall maintain full compliance with Title 51 RCW during the course of this Contract. Vendor agrees to indemnify and hold DIS and Purchaser harmless from all damages assessed against DIS or Purchaser as a result of the failure of the Products furnished under this Contract to so comply.

58. Uniform Commercial Code (UCC) Applicability

- 58.1. Except to the extent the sections of this Contract are clearly inconsistent, this Contract shall be governed by any applicable sections of the Uniform Commercial Code (UCC) as set forth in Title 62A RCW.

- 58.2. To the extent this Contract entails delivery or performance of services, such services shall be deemed "goods" within the meaning of the UCC, except when to do so would result in an absurdity.
- 58.3. In the event of any clear inconsistency or contradiction between this Contract and the UCC, the terms and conditions of this Contract take precedence and shall prevail unless otherwise provided by law.

59. Antitrust Violations

Vendor and Purchaser recognize that in actual economic practice overcharges resulting from antitrust violations are usually borne by Purchaser. Therefore, Vendor hereby assigns to Purchaser any and all claims for such overcharges as to goods and services purchased in connection with this Contract, except as to overcharges not passed on to Purchaser resulting from antitrust violations commencing after the date of the bid, quotation, or other event establishing the Price under this Contract.

60. Compliance with Civil Rights Laws

During the performance of this Contract, Vendor shall comply with all federal and applicable state nondiscrimination laws, including but not limited to: Title VII of the Civil Rights Act, 42 U.S.C. §12101 *et seq.*; the Americans with Disabilities Act (ADA); and Title 49.60 RCW, Washington Law Against Discrimination. In the event of Vendor's noncompliance or refusal to comply with any nondiscrimination law, regulation or policy, this Contract may be rescinded, canceled, or terminated in whole or in part under the **Termination for Default** sections, and Vendor may be declared ineligible for further contracts with the State.

61. Severability

If any term or condition of this Contract or the application thereof is held invalid, such invalidity shall not affect other terms, conditions, or applications which can be given effect without the invalid term, condition, or application; to this end the terms and conditions of this Contract are declared severable.

62. Waiver

Waiver of any breach of any term or condition of this Contract shall not be deemed a waiver of any prior or subsequent breach. No term or condition of this Contract shall be held to be waived, modified, or deleted except by a written instrument signed by the parties.

63. Treatment of Assets

- 63.1. Title to all property furnished by Purchaser shall remain in Purchaser. Title to all property furnished by Vendor, for which Vendor is entitled to reimbursement, other than rental payments, under this Contract, shall pass to and vest in Purchaser pursuant to the **Title to Equipment** section. As used in this section **Treatment of Assets**, if the "property" is Vendor's proprietary, copyrighted, patented, or trademarked works, only the applicable license, not title, is passed to and vested in Purchaser.
- 63.2. Any Purchaser property furnished to Vendor shall, unless otherwise provided herein or approved by Purchaser, be used only for the performance of this Contract.

- 63.3. Vendor shall be responsible for any loss of or damage to property of Purchaser that results from Vendor's negligence or that results from Vendor's failure to maintain and administer that property in accordance with sound management practices.
- 63.4. Upon loss or destruction of, or damage to any Purchaser property, Vendor shall notify Purchaser thereof and shall take all reasonable steps to protect that property from further damage.
- 63.5. Vendor shall surrender to Purchaser all Purchaser property prior to completion, termination, or cancellation of this Contract.
- 63.6. All reference to Vendor under this section shall also include Vendor's employees, agents, or Subcontractors.

64. Vendor's Proprietary Information

Vendor acknowledges that DIS and Purchaser are subject to chapter 42.17 RCW and that this Contract shall be a public record as defined in chapter 42.17 RCW. Any specific information that is claimed by Vendor to be Proprietary Information, must be clearly identified as such by Vendor. To the extent consistent with chapter 42.17 RCW, DIS and Purchaser shall maintain the confidentiality of all such information marked Proprietary Information. If a public disclosure request is made to view Vendor's Proprietary Information, DIS or Purchaser will notify Vendor of the request and of the date that such records will be released to the requester unless Vendor obtains a court order from a court of competent jurisdiction enjoining that disclosure. If Vendor fails to obtain the court order enjoining disclosure, DIS or Purchaser will release the requested information on the date specified.

Disputes and Remedies

65. Disputes

- 65.1. In the event a bona fide dispute concerning a question of fact arises between Vendor and Purchaser and it cannot be resolved between the parties or by the DIS Contract Administrator, either party may initiate the dispute resolution procedure provided herein.
- 65.2. The initiating party shall reduce its description of the dispute to writing and deliver it to the responding party. The responding party shall respond in writing within three (3) Business Days. The initiating party shall have three (3) Business Days to review the response. If after this review a resolution cannot be reached, both parties shall have three (3) Business Days to negotiate in good faith to resolve the dispute.

If the dispute cannot be resolved after three (3) Business Days, a Dispute Resolution Panel may be requested in writing by either party who shall also identify the first panel member. Within three (3) Business Days of receipt of the request, the other party will designate a panel member. Those two panel members will appoint a third individual to the dispute resolution panel within the next three (3) Business Days.

The Dispute Resolution Panel will review the written descriptions of the dispute, gather additional information as needed, and render a decision on the dispute in the shortest practical time.

Each party shall bear the cost for its panel member and share equally the cost of the third panel member.

- 65.3. Both parties agree to exercise good faith in dispute resolution and to settle disputes prior to using a Dispute Resolution Panel whenever possible. Unless irreparable harm will result, neither party

shall commence litigation against the other before the Dispute Resolution Panel has issued its decision on the matter in dispute.

- 65.4. Purchaser and Vendor agree that, the existence of a dispute notwithstanding, they will continue without delay to carry out all their respective responsibilities under this Contract that are not affected by the dispute.
- 65.5. If the subject of the dispute is the amount due and payable by Purchaser for Services being provided by Vendor, Vendor shall continue providing Services pending resolution of the dispute provided Purchaser pays Vendor the amount Purchaser, in good faith, believes is due and payable, and places in escrow the difference between such amount and the amount Vendor, in good faith, believes is due and payable.

66. Attorneys' Fees and Costs

- 66.1. If any litigation is brought to enforce any term, condition, or section of this Contract, or as a result of this Contract in any way, the prevailing party shall be awarded its reasonable attorneys' fees together with expenses and costs incurred with such litigation, including necessary fees, costs, and expenses for services rendered at both trial and appellate levels, as well as subsequent to judgment in obtaining execution thereof.
- 66.2. In the event that the parties engage in arbitration, mediation or any other alternative dispute resolution forum to resolve a dispute in lieu of litigation, both parties shall share equally in the cost of the alternative dispute resolution method, including cost of mediator or arbitrator. In addition, each party shall be responsible for its own attorneys' fees incurred as a result of the alternative dispute resolution method.

67. Non-Exclusive Remedies

The remedies provided for in this Contract shall not be exclusive but are in addition to all other remedies available under law.

68. Failure to Perform

If Vendor fails to perform any substantial obligation under this Contract, DIS or Purchaser shall give Vendor written notice of such Failure to Perform. If after thirty (30) calendar days from the date of the written notice Vendor still has not performed, then DIS or Purchaser may withhold all monies due and payable to Vendor, without penalty to DIS or Purchaser, until such Failure to Perform is cured or otherwise resolved.

69. Limitation of Liability

- 69.1. The parties agree that Vendor, DIS and Purchaser shall not be liable to each other, regardless of the form of action, for consequential, incidental, indirect, or special damages. Liability for a claim related to bodily injury or death, or a claim or demand based on a Date Warranty or No Surreptitious Code Warranty issue or patent, copyright, or other intellectual property right infringement shall be governed as set forth elsewhere in this Contract. This section does not modify any sections or any other conditions as are elsewhere agreed to herein between the parties. The damages specified in the sections titled **OSHA/WISHA**, **Termination for Default**, and **Review of Vendor's Records** are not consequential, incidental, indirect, or special damages as that term is used in this section. Vendor's entire liability for any damages

which may arise hereunder, for any cause whatsoever, except a claim related to bodily injury, death or intellectual property infringement, shall be limited to the value of this Contract.

- 69.2. Vendor, DIS and Purchaser shall not be liable for damages arising from causes beyond the reasonable control and without the fault or negligence of either Vendor, DIS or Purchaser. Such causes may include, but are not restricted to, acts of God or of the public enemy, acts of a governmental body other than DIS or Purchaser acting in either its sovereign or contractual capacity, war, explosions, fires, floods, earthquakes, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather, and cable cut by another party unrelated to Vendor; but in every case the delays must be beyond the reasonable control and without fault or negligence of Vendor, DIS, Purchaser, or their respective Subcontractors.
- 69.3. If delays are caused by a Subcontractor without its fault or negligence, Vendor shall not be liable for damages for such delays, unless the Services to be performed were obtainable on comparable terms from other sources in sufficient time to permit Vendor to meet its required performance schedule.
- 69.4. Neither party shall be liable for personal injury to the other party or damage to the other party's property except personal injury or damage to property proximately caused by such party's respective fault or negligence.

Contract Termination

70. Termination for Default

- 70.1. If Vendor violates any material term or condition of this Contract or fails to fulfill in a timely and proper manner its material obligations under this Contract, then the DIS Contract Administrator or Purchaser shall give Vendor written notice of such failure or violation, and the failure or violation shall be corrected by Vendor within thirty (30) calendar days or as otherwise mutually agreed. If such breach is not capable of cure within thirty (30) days, Vendor must commence cure within such thirty (30) day period and diligently pursue completion of such cure. If Vendor's failure or violation is not so corrected, this Master Contract may be terminated immediately by written notice from the DIS Contracting Officer to Vendor, or Purchaser's or DIS' Order may be terminated by written notice to Vendor.
- 70.2. In the event of termination of an Order by Purchaser or this Master Contract by DIS, Purchaser or DIS shall have the right to procure the Products and Services that are the subject of this Contract on the open market and Vendor shall be liable for all damages, including, but not limited to: (i) the cost difference between the original Master Contract price for the Products and Services and the replacement costs of such Products and Services acquired from another Vendor; (ii) if applicable, all administrative costs directly related to the replacement of the Order or this Master Contract, such as costs of competitive bidding, mailing, advertising, applicable fees, charges or penalties, staff time costs; and, (iii) any other direct costs to Purchaser or DIS resulting from Vendor's breach. DIS and Purchasers shall have the right to deduct from any monies due to Vendor, or that thereafter become due, an amount for damages that Vendor will owe DIS or Purchasers for Vendor's default.
- 70.3. If either DIS or Purchaser violates any material term or condition of this Master Contract or fails to fulfill in a timely and proper manner its obligations under this Master Contract, then Vendor shall give DIS or Purchaser, as appropriate, written notice of such failure, which shall be corrected by DIS or Purchaser within thirty (30) calendar days, or as otherwise mutually agreed. If such failure to perform is not so corrected, Purchaser's Order may be terminated by written

notice from Vendor to Purchaser or, if appropriate, this Master Contract may be terminated by written notice from Vendor to DIS.

70.4. If the Failure to Perform is without the defaulting party's control, fault, or negligence, the termination shall be deemed to be a **Termination for Convenience**.

70.5. This section shall not apply to any failure(s) to perform that results from the willful or negligent acts or omissions of the aggrieved party.

71. Termination for Convenience

71.1. When, at the sole discretion of DIS, it is in the best interest of the State, the DIS Contracting Officer may terminate this Master Contract, in whole or in part, by fourteen (14) calendar days written notice to Vendor.

71.2. Purchaser may terminate its Order upon sixty (60) days notice to Vendor. If an Order is so terminated, Purchasers are liable only for payments required by the terms of any Order for Products and Services received and accepted by Purchaser prior to the effective date of termination.

72. Termination for Withdrawal of Authority

In the event that DIS' or Purchaser's authority to perform any of its duties is withdrawn, reduced, or limited in any way after the commencement of this Master Contract or any Order and prior to normal completion, DIS may terminate this Master Contract, or a Purchaser may terminate its Order(s), by seven (7) Business Days written notice to Vendor. No penalty shall accrue to DIS and Purchasers in the event this section shall be exercised. This section shall not be construed to permit DIS to terminate this Master Contract, or a Purchaser to terminate its Order(s) in order to acquire similar Products or Services from a third party.

73. Termination for Non-Allocation of Funds

If funds are not allocated to DIS or a Purchaser to continue this Master Contract or Order in any future period, DIS may terminate this Master Contract, or Purchaser may terminate its Order(s) by seven (7) Business Days written notice to Vendor or otherwise work with Vendor to arrive at a mutually acceptable resolution of the situation. DIS or Purchasers will not be obligated to pay any further charges for Products or Services including the net remainder of agreed to consecutive periodic payments remaining unpaid beyond the end of the then-current period. DIS or Purchaser agrees to notify Vendor in writing of such non-allocation at the earliest possible time. No penalty shall accrue to DIS or Purchasers in the event this section shall be exercised. This section shall not be construed to permit DIS to terminate this Master Contract, or a Purchaser to terminate its Order(s) in order to acquire similar Products or Services from a third party.

74. Termination for Conflict of Interest

DIS may terminate this Master Contract, or Purchaser its Order(s), by written notice to Vendor if DIS or Purchaser determines, after due notice and examination, that any party has violated chapter 42.52 RCW, Ethics in Public Service, or any other laws regarding ethics in public acquisitions and procurement and performance of contracts. In the event this Master Contract or any Order is so terminated, DIS and Purchasers shall be entitled to pursue the same remedies against Vendor as it could pursue in the event Vendor breaches this Master Contract or any Order.

75. Termination Procedure

- 75.1. Upon termination of this Master Contract or any Order, DIS and Purchaser, in addition to any other rights provided in this Master Contract and applicable Order, may require Vendor to deliver to Purchaser any property specifically produced or acquired for the performance of such part of this Master Contract or Order as has been terminated. The section titled **Treatment of Assets** shall apply in such property transfer.
- 75.2. Unless otherwise provided herein, Purchaser shall pay to Vendor the agreed-upon Price, if separately stated, for the Products and Services received by Purchaser, provided that in no event shall Purchaser pay to Vendor an amount greater than Vendor would have been entitled to if this Master Contract or Order had not been terminated. Failure to agree with such determination shall be a dispute within the meaning of the **Disputes** section of this Master Contract. Purchaser may withhold from any amounts due Vendor such sum as Purchaser determines to be necessary to protect Purchaser from potential loss or liability.
- 75.3. Vendor shall pay amounts due Purchaser or DIS as the result of termination within thirty (30) calendar days of notice of the amounts due. If Vendor fails to make timely payment, Purchaser or DIS may charge interest on the amounts due at one percent (1%) per month until paid in full.

76. Covenant Against Contingent Fees

- 76.1. Vendor warrants that no person or selling agency has been employed or retained to solicit or secure this Contract upon any agreement or understanding for a commission, percentage, brokerage, or contingent fee, *except* bona fide employees or a bona fide established commercial or selling agency of Vendor.
- 76.2. In the event Vendor breaches this section, Purchaser shall have the right to either annul this Contract without liability to Purchaser, or, in Purchaser's discretion, deduct from payments due to Vendor, or otherwise recover from Vendor, the full amount of such commission, percentage, brokerage, or contingent fee.

Activity Reporting and Administration Fee

77. DIS Master Contract Administration Fee and Collection

- 77.1. All purchases made under this Master Contract are subject to a DIS Master Contract Administration Fee, collected by Vendor and remitted to DIS.
- 77.2. The Master Contract Administration Fee is one half of one percent (.5% or .005) of the purchase price. The purchase price is defined as total invoice price less sales tax.
- 77.3. The Master Contract Administration Fee shall be invoiced by Vendor to all Purchasers as a separate detailed line item on Purchaser's invoice.
- 77.4. Vendor shall remit the Master Contract Administration Fee directly to the DIS Contract Administrator along with the Master Contract Activity Report.

78. Activity Reporting

- 78.1. Vendor shall submit to the DIS Contract Administrator a monthly Activity Report of all Services purchased under this Master Contract. The report shall identify:

This Master Contract number;
Each Purchaser making purchases during that quarter;
The total purchase price (excluding sales tax) for each Purchaser; and,
The sum of all purchase prices (excluding sales tax) for all Purchasers; and
The amount of the DIS Master Contract Administration Fee.

- 78.2. The Activity Report and the DIS Master Contract Administration Fee shall be submitted by the 15th calendar day of the month following the month in which Vendor invoiced Purchaser. Vendor shall submit this report according to the layout specified by the DIS Contract Administrator.
- 78.3. This report may be corrected or modified by the DIS Contract Administrator with subsequent written notice to Vendor.
- 78.4. Monthly Activity Reports are required even if no activity occurred.
- 78.5. Upon request by DIS, Vendor shall provide, in the format requested, the contact information for all Purchasers during the term of the Master Contract.

79. Failure to Remit Reports/Fees

- 79.1. Failure of Vendor to remit the Master Contract Activity Report together with the Master Contract Administration Fee may be considered a failure to perform on the part of Vendor, which may result in DIS terminating this Master Contract with Vendor.
- 79.2. Failure of any Purchaser to pay the Master Contract Administration Fee may result in a Purchaser forfeiting its right to purchase from this Master Contract. Vendor shall notify the DIS Contract Administrator when any Purchaser fails to pay the Master Contract Administration Fee.
- 79.3. The DIS Contract Administrator will notify Vendor of any Purchaser who has forfeited its right to purchase under this Master Contract. After such notification, any sale by Vendor to a forfeiting Purchaser may be considered failure to perform by Vendor.
- 79.4. If the performance issues are resolved, DIS, at its option, may reinstate a Vendor's participation or a Purchaser's right to purchase.

Escalation Procedures

for
Contract Number T03-MST-010

Once a Verizon first level support has been dispatched to the customer site for a major trouble or alarm condition and is unable to resolve the problem within a two (2) hour period, the technician will initiate Verizon's standard escalation procedure. The standard automatic escalation procedure is as follows:

- The first level support will contact Verizon's second level support and the Verizon National Operations Center in Dallas, through the following process:
 1. The Verizon second level supervisor is contacted. The supervisor will insure the Regional Customer Engineering Manager is informed and prepared to respond.
 2. An open trouble ticket is sent to Verizon's National Operations Center (NOC) in Dallas, Texas. The NOC will contact the technician immediately and either ask the technician to perform a number of tests and observe results or the NOC technician will remotely access the equipment in question and perform remote monitoring and testing functions.
- If the problem cannot be resolved immediately, the NOC will initiate contact with the manufacturer to resolve the problem and make contact with the Area Manager-Washington, Operations. (Because Verizon is a national direct factory authorized reseller of VTEL, Verizon has national service and support agreements that provide direct access to the manufacturer's support organization for problem resolution.)
- If the problem has not been resolved within four (4) hours of the initial report, the Area Manager-Washington Operations will contact Verizon's executive management and solicit involvement from all levels of management within Verizon and involve executive level support from the manufacturer.
- If service has not been restored within twelve (12) hours of the reported problem, the Area Manager will contact our local supply office and make arrangements for a replacement part.

Escalation Procedures

for
Contract Number T03-MST-010

Once a Verizon first level support has been dispatched to the customer site for a major trouble or alarm condition and is unable to resolve the problem within a two (2) hour period, the technician will initiate Verizon's standard escalation procedure. The standard automatic escalation procedure is as follows:

1. The first level support will contact Verizon's second level support and the Verizon National Operations Center in Dallas, through the following process:

The Verizon second level supervisor is contacted. The supervisor will insure the Regional Customer Engineering Manager is informed and prepared to respond.

An open trouble ticket is sent to Verizon's National Operations Center (NOC) in Dallas, Texas. The NOC will contact the technician immediately and either ask the technician to perform a number of tests and observe results or the NOC technician will remotely access the equipment in question and perform remote monitoring and testing functions.

1. If the problem cannot be resolved immediately, the NOC will initiate contact with the manufacturer to resolve the problem and make contact with the Area Manager-Washington, Operations. (Because Verizon is a national direct factory authorized reseller of VTEL, Verizon has national service and support agreements that provide direct access to the manufacturer's support organization for problem resolution.)
2. If the problem has not been resolved within four (4) hours of the initial report, the Area Manager-Washington Operations will contact Verizon's executive management and solicit involvement from all levels of management within Verizon and involve executive level support from the manufacturer.
3. If service has not been restored within twelve (12) hours of the reported problem, the Area Manager will contact our local supply office and make arrangements for a replacement part.
